

The Pick 5 Jackpot!

A 50-cent Minimum Wager with a Progressive Jackpot

The jackpot increases daily until just one lucky person takes down all of the progressive jackpot cash.

The entire jackpot money (known as the pool) is won only when there is one unique winning ticket bet with the winners of all five designated races.

When there are multiple tickets with all five winners, 50% of the daily jackpot pool is divided and paid out on all winning tickets. The remaining 50% of the daily pool is then added to the total jackpot pool for the next Fonner Park live racing day.

When there are zero tickets with all five winners, 50% of the daily pool is paid out on tickets with the most winners of the five designated races. The remaining 50% of the daily pool, again, is added to the total jackpot pool for the next day of racing.

A minimum \$5,000 gross jackpot pool and a minimum \$4,000 jackpot payoff is guaranteed by Tom Dinsdale Automotive.

This wager is conducted on the final five live Fonner Park races. There will be a mandatory, entire jackpot pool distribution paid on tickets with the most winners on the final day of live Fonner Park racing in 2016.
